

# Water Resource Management

## Industrial Water, Engineered.

At Arthian, we see water not just as a resource - but as an opportunity.

Water management is complex, but with our team of experts, you're in good hands. Team Arthian is a group of enthusiastic and personable planners, designers, environmental consultants, engineers and health & safety professionals. As Castle Water partners, we help industrial and commercial organisations use, manage and conserve water more efficiently - cutting waste, lowering costs and ensuring compliance. We can help with:

- **Water Efficiency & Optimisation**
- **Water & Wastewater Mapping**
- **Trade Effluent Support**
- **Treatment Solutions**
- **Leak Detection & Water Loss Management**
- **Water Recycling & Reuse**
- **Opportunity Identification & Implementation**

From abstraction to effluent, we manage every drop.

To discuss how Arthian can assist with your project, or to hear more about how our team can help, get in touch with Julian Shortt at [julian.shortt@arthian.com](mailto:julian.shortt@arthian.com) or James Forbes at [james.forbes@arthian.com](mailto:james.forbes@arthian.com) today.
